

Mockup A

- I like the Pop Art title
- Side
- How to add interest to pages
 - o Add border boxes
 - Treat boxes similarly to the pop art logo image
 - Can add cut out image maybe to the sides
 - o Pop art iconography in background
 - Ex – dots
- Pink and yellow working well
- Add titles of artworks to gallery page
- Gallery page
 - o Menu can stay dropped down only on gallery page

Mockup B

- Different pop art image
- Top nav bar
- I think first one is more evocative of pop art

Idea for headers – put title in pop art box

Idea for border box – doesn't have to be irregular shape
